

Math Team Wraps Successful Competition Season

University School's Upper School Math Team members participated in 14 math competitions this school year in six different categories. In addition to the mentorship offered by advisor Mr. Dibert, the students welcomed Mathematics Professor Dr. Evan Haskell of NSU Farquhar College of Arts and Sciences for several special practice sessions to prepare for the Moody Mega Math Challenge. USchool Math Team members were also invited to join NSU college students at NSU math events.

2012-2013 Math Team

Nathan Barnavon	Amanda McCausland
Miriam Bedrin	Ruben Merinfeld
Dani Ben-Reuven	Evan Neustater
