

Kindergarten Goes Buggy May 30, 2008

It is hard to believe that we are coming to the end of another year. It has been a truly wonderful year, filled with learning, laughter, and growth. We would like to thank you for sharing your children with us. They have developed and grown so much over the year, and we are so proud of each and everyone. We have enjoyed watching them use their imaginations and develop into individuals with their own ideas and personalities. It has been an honor working with them.

We would also like to thank all of our parents. We appreciate all the time, love, and understanding that you give to help your children be the best that they can be. You make our jobs easier and this year has been a huge success. We are confident that your children are ready to move forward. Just remember to stop by once in a while to give your old Kindergarten teachers a hug!

REMINDER

Past due tuition, library fees, After Care and lunch charges must be cleared before the end of the school year. Report cards, MAT test results, and school records will not be released to families who have failed to clear business accounts. Please do not delay in sending prompt payments to avoid "holds" of any kind. Thank you for your cooperation!
