

# Find out your child's Math Enrichment placement for fall classes

## FREE Placement Class!

Find out if IMACS is right for your child! One-hour Placement Classes are fun for students and give parents the opportunity to see the IMACS program in action. **Since students are accepted on a first-come, first-served basis and class spaces are filling up, we encourage you to attend a Placement Class at our Weston or Plantation centers throughout the summer.** Reservations are required. Children must be accompanied by a parent. For students entering 1<sup>st</sup> - 5<sup>th</sup>

### Placement Classes at University School

Monday, August 12, 3:15pm  
Friday, August 23, 3:15pm

Additional dates available online.

Spaces are limited. Reserve your spot at  
[www.imacs.org](http://www.imacs.org) or 954.791.2333.

## Classes for Bright & Talented Students Entering 1<sup>st</sup> - 5<sup>th</sup> grade

The phrases "critical thinking," "logical reasoning," and "thinking outside the box" get thrown around a lot. But those skills are not easy to teach to even the brightest students.

At IMACS, **developing creative thinking with logic and mathematical precision** is not a catch phrase to us; it is deeply rooted into our lives and into our institute.

For 20 years, our students have had fun and success in learning to think with **pure mathematical logic**. More importantly, they have taken their advanced skills from the IMACS classroom to their academic and future professional careers, having success in a way that most of their peers will never see. Quite simply, this is the **IMACS advantage**.

IMACS is excited to bring its weekly Math Enrichment classes to University School next year! After a free Placement Class, we feel confident that you will see that not only are IMACS' activities fun, but students also learn — and take pride and joy in — the ability to confidently tackle true challenges.
